IHAO Activities
2020 Q1

Iraq Health Access Organization N.G.O.
IHGO’s Vision Statement

Retrieve Iraq’s leading position in healthcare around the Middle East.

IHGO’s Mission Statement

IHGO addresses health and the social determinants of health, namely, gender-based violence, economic stability, and education, through front line response, economic empowerment, and skills training. We ensure that our staff and beneficiaries accurately reflect the diversity of the communities we serve.
IHАО UNFPA-funded Response

Partnering overview

- IHАО signed a new strategic partnership agreement with UNFPA based on the Country Program Cycle 2020-2024, covering reproductive health, psychosocial support, and gender-based violence services
- 4 Governorates
- 12 Primary Healthcare Centers
- 2 Hospitals
- 3 Mobile Medical Units
- All activities were approved by MOH through IHD and respective DOH
IHIAO UNFPA-funded Response

- During 2020, IHIAO continued reaching its goal through extended support from UNFPA/Iraq:
  - Baaj Hospital – Ninewa
  - Hatra Primary Health Care Center- Ninewa

- IHIAO continued serving Salahdin:
  - Haichal Kabir Primary Health Care center in Shirqat
  - Yathrib Maternity Unit in Balad
  - Mobile Delivery Unit in Farhatiyia – Balad.

- Finally, IHIAO centers in Kirkuk-Haweeja also continued their provision of maternal and RH services in:
  - Shmait Primary Health Care Center
  - Haweeja Hospital
  - Abbassy Primary Health Care center.
IHAYO UNFPA-funded Response

Gender-Based Violence services

The indicators used for GBV services include:

• Number of Survivors who received GBV services, disaggregated by age, sex, disabilities and location
• Number of WCC established and operational
• Number of social workers trained on Case Management
• Number of community-based women support groups in the targeted areas received support on GBV referrals and psychosocial interventions
• Number of beneficiaries received GBV services in humanitarian settings
• Number of mobile teams established
• Number of beneficiaries received Dignity Kits
• Number of beneficiaries attended awareness raising sessions
IHAO UNFPA-funded Response

Gender-Based Violence services

Throughout Q1 of 2020

- The total number of Survivors who received GBV services, was more than 25% of the 2,100 target set for this project.

- Total number of beneficiaries received GBV services in humanitarian settings was 823 out of the 3,500 target.

- Total number of beneficiaries received Dignity Kits was 266, more than half of our 500 set target.

- There were 1250 beneficiaries of the awareness raising campaigns in Q1 2020. The campaigns were implemented by IHAO’s social workers to public spaces and schools and included subjects such as child marriage and GBV awareness and women rights.

- 7 WCCs were supported in Q1 2020 located in Nenawa and Kirkuk that provide services to vulnerable women and girls.

- IHAO safe return centers provided 28 awareness raising sessions for (479) beneficiaries;

- Topics covered:
  - Adolescent marriage,
  - Influential person on one’s life,
  - Gender based violence,
  - Cyber black mailing,
  - Domestic violence,
  - Gender equality.
Livelihoods program

- Implementation of Livelihoods program was based on Market assessment of Baasheeqa, Sinjar and Hamdanyia.

- Assessments were carried out by IHAO livelihood officers.

- Livelihood trainings carried out were:
  
  - Basheeqa: 202 beneficiaries (121 women, 81 men)
    - Ethnicities include
      - 193 Yazidis and
      - 9 Christians,

  - Sinjar: 199 beneficiaries (116 women, 83 men), all beneficiaries were among Yazidis

  - Hamdanyia: 95 beneficiaries (70 women, 25 men) (89 Christians and 6 Muslims).

- Two types of courses given during reporting period:
  
  - (25) elementary courses for (496 beneficiaries)
  - (13) advanced courses for (254)

- Selection process was conducted based on Pre-Post evaluations; direct observation of beneficiary’s individual performance.

- Additional 12 courses were added that covered (242) new beneficiaries.
IHAO Livelihood Training Program

Livelihood skills included:

- Farming,
- Poultry,
- Bee Keeping,
- Kindergarten essentials,
- Photography and Image processing,
- Cell phone maintenance,
- Appetizers preparation,
- Barbershop,
- Marketing.
IHAAO Livelihood Training Program
IHAO Outreach COVID-19

With the lock down of civilians, and in order to comply with the guiding rules of stay home, IHAO team started its intensive outreach program to visit elderly and civilians with chronic disease to monitor diabetes and blood pressure and also to provide awareness sessions to them.
IHAO Outreach COVID-19

With the increased demand of community for masks, IHAO obtained approvals to make masks through an advanced sewing course in each location. IHAO plans to implement face mask sewing in Q2 2020 as soon as possible.
IHAO OCHA-funded Consortium in partnership with IMC

IHF-Funded Consortium comprised of IHAO and IMC with a start date of 1/12/2019 and a planned end date of 31/8/2020, with an approximate implementation rate of 25%

Project overview

• 2 Governorates
• 3 Sites: Beiji, Yathrib, and Diyala
• 2 Women Community Centers, 1 Mobile team
• Gender-Based Violence services including: PSS, Case Management, Adolescent Girls toolkit

Recreational activities, Outreach and awareness raising
• Reproductive healthcare services in Beiji
• All activities were approved by MOH through IHD and respective DOH

In conclusion

Towards the end of 2020 Q1
• The implementation rate for UNFPA-funded projects was 25%
• The implementation rate for OCHA-funded projects in consortium with IMC was 25%
• The implementation rate for USAID-funded projects in partnership with HAI was more than 50%
• The implementation rate for OCHA-funded projects in consortium with Cordaid was over 30%

Working through COVID-19 pandemic
To continue with our projects during the COVID-19 crisis, IHAO has worked on 3 main aspects
• Provision of essential hygiene and sanitization supplies.
• Conducting training to relevant IHAO staff on the field and in Baghdad.
• Awareness-raising campaigns done by our community workers for villages and areas surrounding the centers.

For 2020 Q2
IHАО plans on continuing with its ongoing projects, with more attention to COVID-19 related procedures and measures
