An Overview of KURDS NGO:

KURDS is a humanitarian, non-political, non-profit and non-governmental organization, aiming to provide basic emergency response and social development to serve both local communities and Refugees/Returnees. KURDS has been operating in Kurdistan Region since 1992 with the main focus on infrastructure construction and rehabilitation; it has since implemented hundreds of projects in the relevant sector of infrastructure construction and rehabilitation, providing emergency responses via distrusting food and non-food item, conducted various survey and evaluations. KURDS has been involved in the response to Refugee activities since the outbreak of the Syrian refugee crisis in Kurdistan Region and since have implemented the majority of camps infrastructure construction and rehabilitation in all refugee camps in all three Governorates of the Kurdistan Region for the last 4 years funded by UNHCR, we have established presence in all camps with various engineering and social development teams. Throughout the KURDS experience and work in the last 20+ years, we have established very good relations with the key stakeholders such as the local authorities, other donors and the local communities themselves. Currently KURDS first priority is to provide IDPs, refugees and most vulnerable groups the required humanitarian Protection and Mixed Solutions for the targeted groups and has approximately 85 full and part time technical and administrative qualified and experienced staff.
KURDS DUHOK Office

KURDS NGO Office started the implementation process of two new projects in Khanki IDPs Camp, Semel district.

1. Construction of drainage channels in Khanki Camp. Call for bids and tendering process for construction of Drainage in Khanki IDP camp already started by KURDS assigned technical and procurement committee. This project aims to protect the life of IDPs settled in the targeted camp and reduce health risk.

2. Improving internal roads and access inside Khanki IDPs camp. To improve the access and facilitate the movement inside the camp, KURDS engineering team commenced with the preparations of BOQ & Drawings for improvement of internal road in Khanki camp. This project is considered to be a complementary project of IDPs protection program and will enable the IDPs to have easy access to the public services inside the camp and facilitate the movement inside the camp and providing emergency health responses and humanitarian aid in time.

Provision of child protection services to conflict affected girls and boys at Khanki and Bajed kandala IDP camps, Duhok

The Child-Friendly Spaces Program is a critical component in providing support to children and families, it’s a special area where children can play, socialize, and begin to recover during emergencies, and the goal of it is to protect children from harm and provide a sense of normalcy and community when their lives are disrupted by wars and disasters, as that KURDS has involve in this section of providing good and healthy friendly space for children in a cooperation of UNICEF.
Boys and girls registered and received psychosocial support services through child friendly space (CFS) and community-based approaches

During the period between 1st Jan to 31th Mar 2016, (KURDS)s child friendly space (CFS)s section have conducted and participated in many events, activities awareness campaigns, KURDS CFSs staff in Bajid kandala 1 camp has coordinate with SFC Organization to conduct an awareness campaign against the diarrhoea disease in Bajid kandala camp, MAG has conducted an awareness training for the CFS staff MAG has clarified the risks of the mines, and how can the people recognize the mines to avoid that risks, KURDS also do some awareness activities in Kha under camp the activity Started in (Jan., 1, 2016 and still ongoing):
